

Where is God?

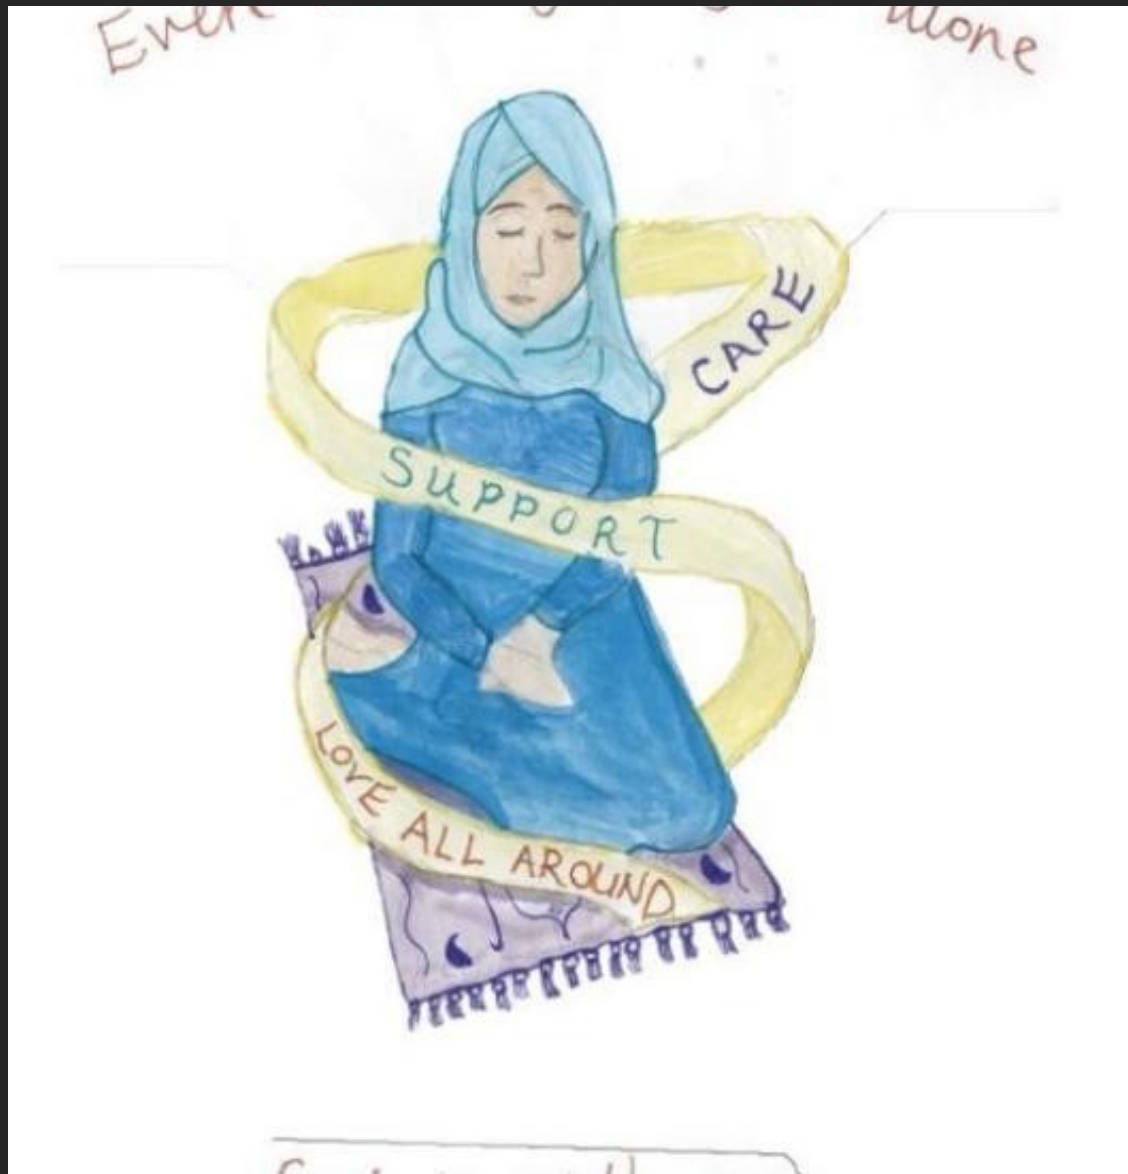

Spiritual Art Activity

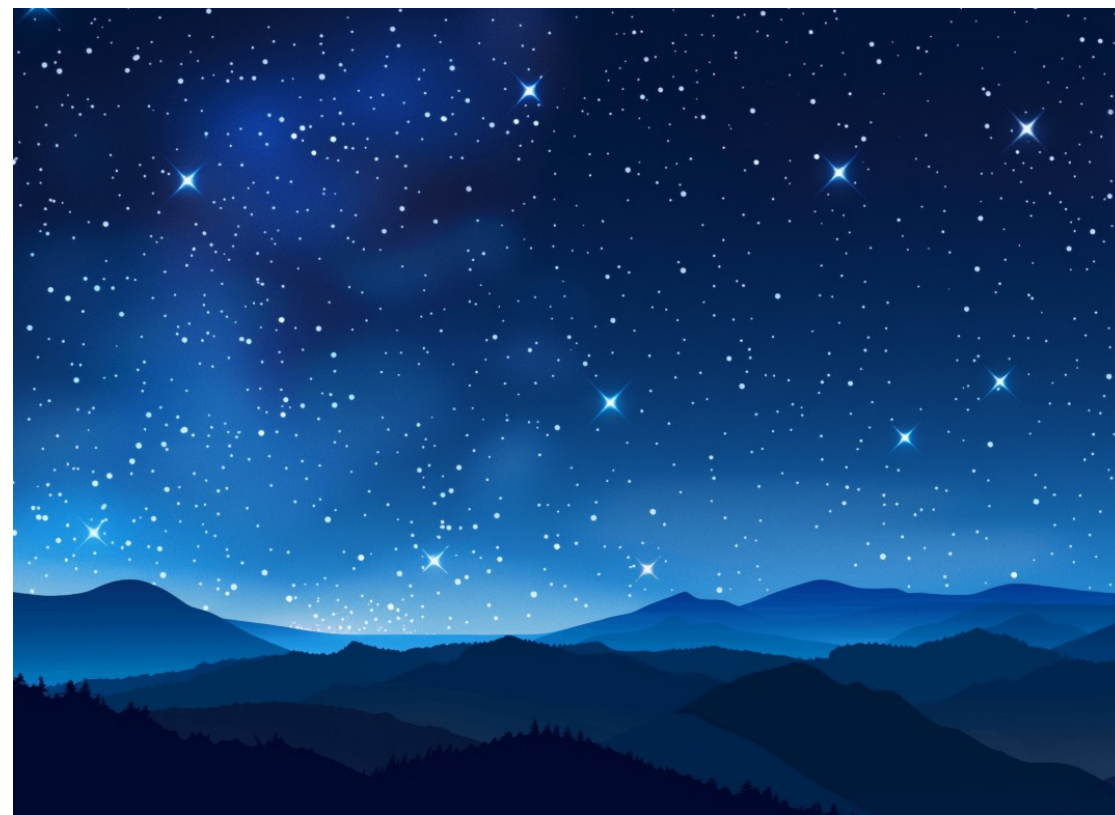

Autumn 2026

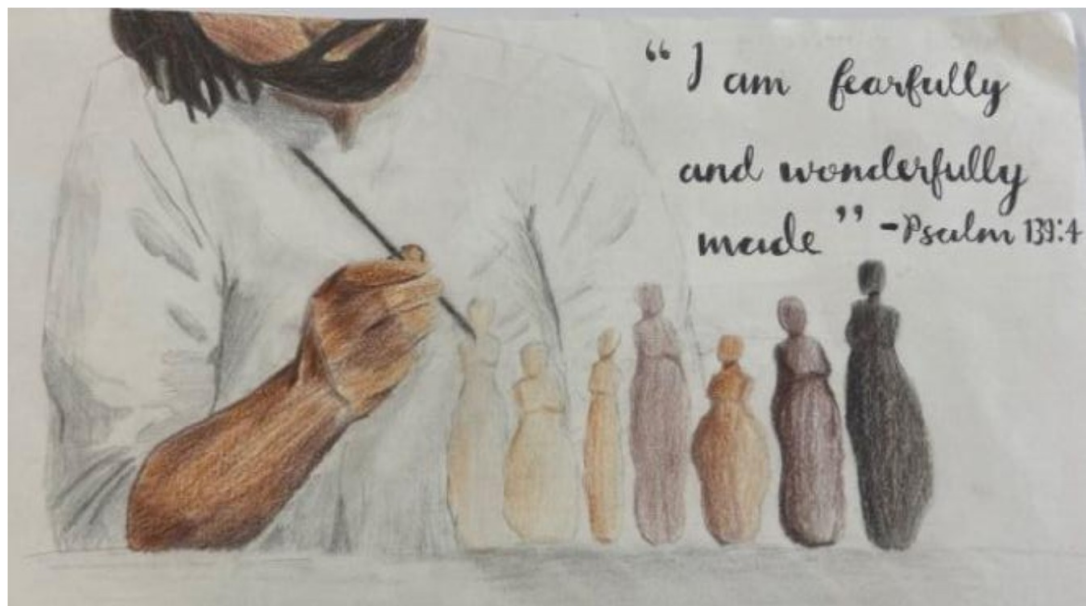

We are hoping to create a beautiful new display in the school hall. We want you, the children of Bleasby School, to create a piece of artwork or an image (photo / computer generated) that answers the question, 'Where is God?'

There is no right or wrong picture to make or take, but yours should show how you feel and what you think or believe.

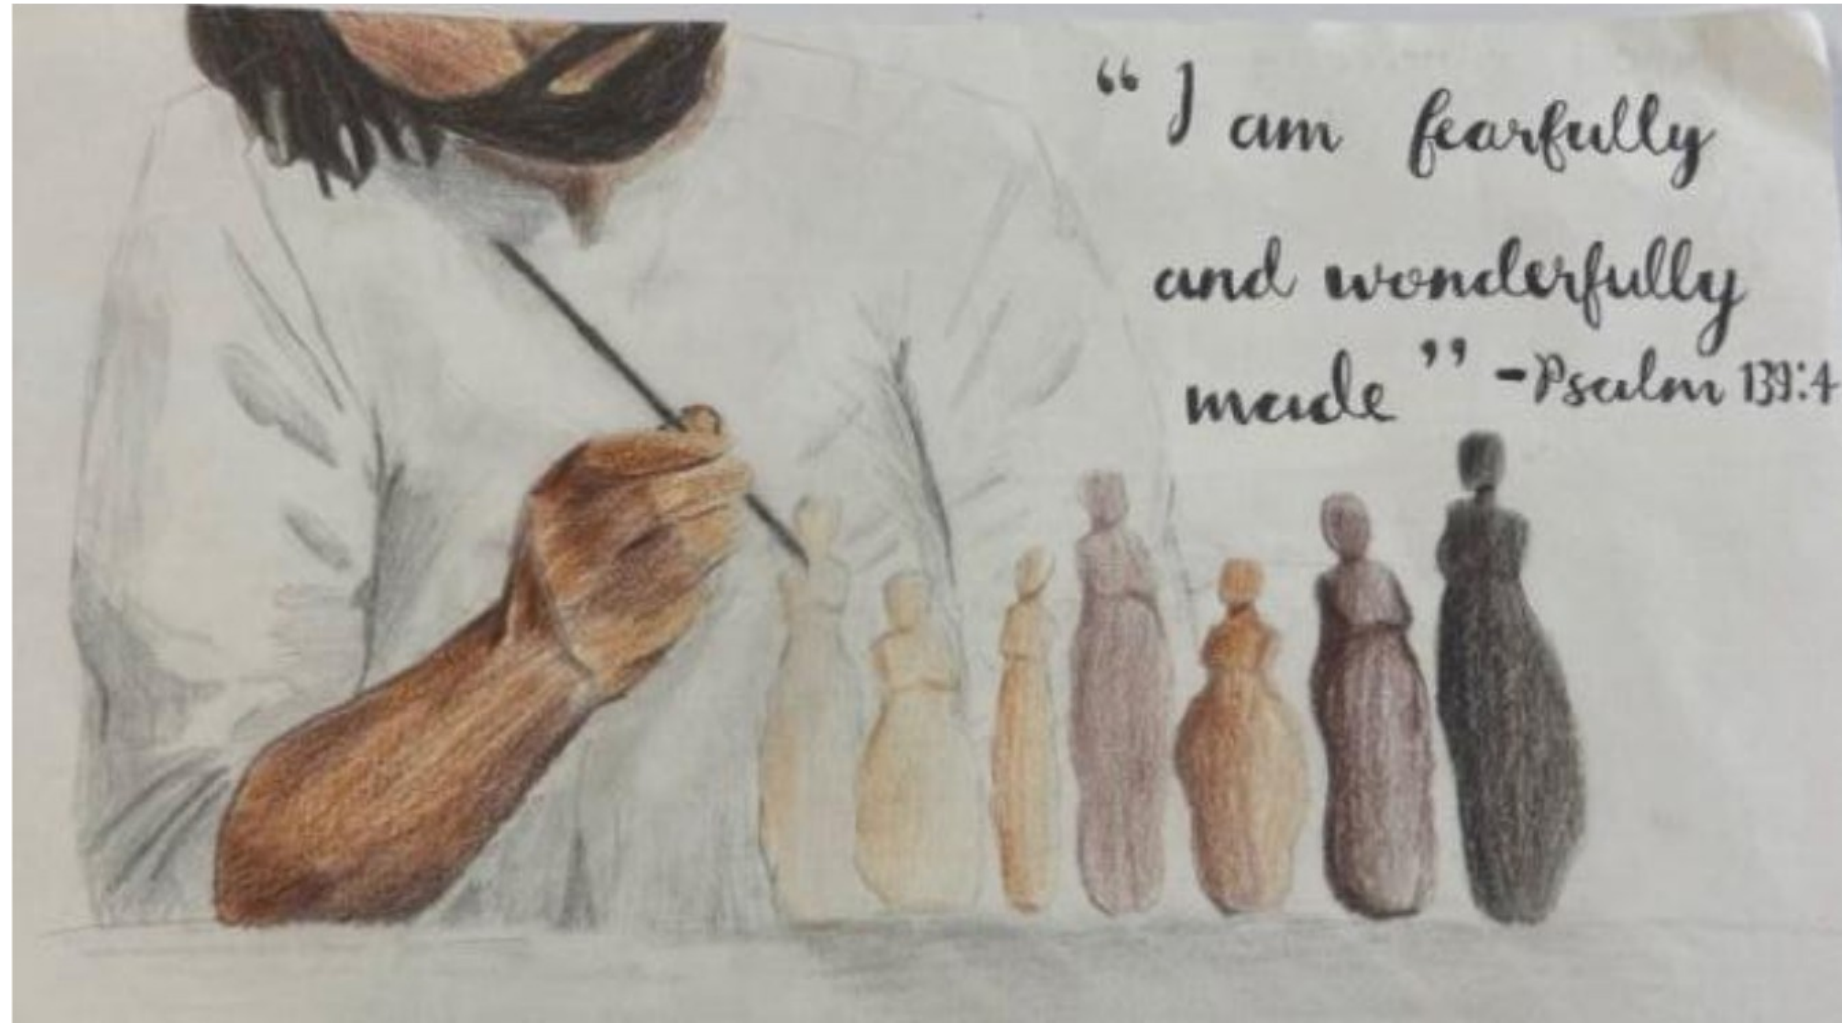

Neatly write or type a caption or a few sentences to say what you think and /or what your picture / photo or artwork shows. Then add your name and age. Here are some examples.

**God is in
the
intricate
creation of
each
person.
Alice, Age
12.**

God is in the stillness of the river and the beauty of the trees. Mrs
Smith

I hope people will notice the rainbow. This picture is all about God. To make the image what I did later I made a rainbow. Doing this work has made me think about God. I hope people will notice the glitter. In RE it is good to explore ~~god~~ about god.

Even when you feel alone

God is with you

My artwork is all about prayer. In my picture, I have tried to make the lady look as though she is very much alone. As she prays however, God's love and support surrounds and comforts her. It's good to know that God is always ready to listen when we pray.

What I like best about my work is its message – through our faith, we are never truly alone.

Amina, Age 10

God is little pieces in everyone's heart. This is me. I've got loads of little pieces of God in my heart. Then you can remember God every day. Isla Thomas, Age 8.

Where is God?

Spiritual Art
Activity

Over to you...get
creative. If you want
to get involved,
please bring your
work into school
after the half term
holiday.

We can't wait to see
it!
